## RARE AND UNUSUAL BULBS

Many scarce bulbous flowers are to be found in this list, some of which have never been offered to the public in Southern California before. The size of the list precludes complete descriptions, but we shall be glad to furnish further information regarding varieties in which you are interested.

Add a few new varieties to your garden-collection each year!

## Dependable Bulbs for 1936-1937

First month given is month bulbs are ready although they may be planted for two to four months thereafter.

Six bulbs of a variety at the dozen rate. For quantities of 1 to 5 bulbs, figure 1/10th the dozen price, per bulb.

Prices subject to change without notice.

	Dozen	100

<b>ZEPHYRANTHES</b> (Autumn Tulip); Jan ; bloom Sept.		
<i>Alba</i> , pure white-----	.35	2.00
<i>Ajax</i> , soft yellow-----	1.50	10.00
<i>Rosea</i> , rose pink-----	.60	4.00

### "Color-Cover" the Bulb Bed

—before, during, or after blooming, with shallow-rooting, quick-to-bloom flower seeds. You may use Campbell's Dependable Seeds, in packets or bulk, or Virginian Stock, *Nemophila* (Baby Blue Eyes), *Brachycome* (Swan River Daisy), *Gillia* (Fairly Stars), *Shirley Poppy*, *Clarkia*, *Linaria*, *Scarlet Flax*, etc. Ask for the best kinds, and times to plant, for, and with, YOUR bulb order.
